Good morning sir!

We are working with Elizabeth and Ken on the access/investigation side of things. I was wondering how the community meeting planning has gone. Did EPA ever decide on a definitive date?

Please let me know!

Hi Joseph,

Due to some staff turnover, EPA needs to postpone the community meeting until late October. We realize this may cause an inconvenience, especially with CM Atkins, and apologize for the need to delay. We'll do our best to make sure the meeting in October goes without a hitch.

Thanks for your patience.

Afternoon sir,

Pursuant to our many phone conversations today, please see my email reservation request to the Highland Hills Branch Library. I just got verbal confirmation from the librarian we have successfully reserved the auditorium there at Highland Hills.

Please let me know if there is anything else we can help EPA with this project. Also, please do remember to provide City a copy of the notice when it is sent so CM Atkins may distribute to his community stakeholders as well. Is there a tentative date for when the notices may go out?

Morning sir,

Let me debrief with Mr. McGuire, our department managing director, and see if we can facilitate a communication line with EPA and Council Member Atkins. Thank you for the update and tentative public meeting date.

I'll let you know what I find out!

Hi Joseph,

I have been attempting to contact Council Member Atkins office to work through them to get a meeting, with limited success. We would like to have one in mid to early September. I'll try one more time today, and if not I am going to work towards reserving the venue and exclude his office as the deadline for us to host a meeting is upon us. Any assistance would be welcome.

Thanks,

**Subject:** Lane Plating NPL next steps

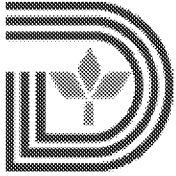

Good morning Ms. Cook,

I just left a voicemail on your office phone this morning. I wanted to reach out and touch base with you regarding the Lane Plating Works, Inc. facility that was recently accepted on the NPL. We just wanted to get a grasp on the next steps and to offer any assistance EPA may need with regards to contact local stakeholders as well as informing City's elected officials.

I read that the EPA has the obligation to contact/reach the community within 3 months of listing to explain the Superfund and restoration process for this site. When EPA does hold a community meeting to discuss the Lane Plating site, we are willing to work hand in hand to provide notice of your community meeting as well as ensuring the elected

official Council District 8 Mr. Tennell Atkins is present as well as other local stakeholders who may have a vested interest.

Please let James McGuire, managing director of OEQ, or myself know of anything you may need for this project. City looks forward to working with the EPA to ensuring the timely cleanup of this facility and future redevelopment.
